<ul style="list-style-type: none"> This class was online so it was hard to really evaluate the professor however I enjoyed the group discussions with my other classmates online. The material we covered was very interesting and the discussion posts were very eye opening. Dr. Baggett is a great professor! He is very knowledgeable and very good at explaining what he is teaching. I enjoy his classes and feel like I learn a lot from them. Great instructor, He is always available. Mr. Baggett's use of recorded lectures and modules covering real experiments and educational videos, including the assignments of discussions about the videos and articles make for a better understanding of what we are learning and how to apply these things in the workplace and in life.
