<ul style="list-style-type: none"> Dr. Baggett is an amazing professor when he teaches I can tell he really has a passion for what he teaches. Being able to take this course was amazing. When going to the class i was first scared about if i was going to pass or understand the subject matter. Whenever i did not understand Professor Bagget was always there for support. Being in groups and having the the class communicate to eachother. Overall i think this was a great class from a great instructor. I really enjoyed the class, but I think it could have been more challenging. Making students interact more during the lectures would have made the subject more applicable. The subject itself is not very challenging but some topics could have been expanded on more. awesome teacher Dr. Baggett is my favorite teacher. I thought I would hate this class but now I look forward to it. He makes even strange or boring topics fun. I appreciate his sense of humor and how he talks about his wife and kids. I like the structure of 6 "quizzes" instead of tests, helps me not feel stressed out.
